To Whom It May Concern:

I, Mary Margaret Rafferty had a Bell Palsy attack on April 23, 2006 (Divine Mercy Sunday) in Cooperstown, ND at the church of St. George where Fr. Richard Fineo presides. Fr. Brian Moen and Fr. Peter Anderl were also present.

I was hospitalized on April 24, 2006 at Innovis Hospital in Fargo, ND. I left the hospital with very little improvement on April 25, 2006.

On May 7, 2006, I was at Fr. Darin Didier's gravesite in Alexandria, MN. I was saying the Divine Mercy Chaplet and during the 2<sup>nd</sup> decade, I had an instant healing. It was about 7:00 pm. Janelle Schanilec was with me at the time.

I saw Dr. Richard Rohla on May 10, 2006 for a checkup and told him what had happened on May 7. I also had a follow up visit on September 7, 2006. I have had no negative effects from the Bell Palsy attack. I am feeling much better than I did before the attack.

Sincerely,

*Mary Margaret Rafferty*
